2. **Calculation Resulting in a Fraction:** Where the calculation of the required off-street parking space results in a fraction, one parking space shall be provided with respect to the fraction.

3. **Seating Accommodation Requirements:** Where seating accommodation is the basis for a unit of measurement under this Section and consists of benches, pews, booths or similar seating accommodation, each 0.64 m² of seating area shall be deemed to be one seat.
4. **Parcels with more than one use:** Where a building or parcel contains more than one function or use, the required number of parking spaces shall be the sum of the requirements for each function or use.
5. **Location of Off-Street Parking Spaces:** Required parking spaces for all uses shall be located on the same parcel as the building or use, and shall be located a minimum of 3 m from any parcel line;
6. **Dimensions of Parking Spaces:** The minimum required dimensions for parking spaces under this Bylaw is set out as follows:

Minimum dimensions	Width	Length
Angle Parking Spaces	2.8 metres	5.8 metres
Parallel Parking Spaces	2.6 metres	7.0 metres

However, with respect to a parking area containing more than 100 parking spaces, up to 20 percent of the total required number of parking spaces may be reduced to 4.6 metres in length provided that each parking space is identified by the words "small auto only" on the pavement in the space itself or on a wall facing it.

7. **Dimensions of Aisle Space:** The minimum required dimensions for aisle space under this Bylaw is set out as follows:

ANGLE OF PARKING	MINIMUM WIDTH OF AISLE
0°	3.7 metres
30°	3.4 metres
45°	3.9 metres
60°	5.5 metres
90°	7.3 metres

8. **Access to Parking Spaces:**
 - a. Where a parcel is serviced by a lane, driveway access to the off-street parking spaces shall be from the lane.
 - b. Except in the case of a single family or two family residential building, no parking space shall gain direct access to a highway.
9. **Street access or egress:** Street access or egress shall be not less than 15 metres from the nearest point of intersection of two highways.
10. **Surfacing of Parking Areas:** Parking areas shall be dust-free and the use of pervious surfaces such as grasscrete is encouraged for all outdoor parking areas.
11. **Provision of Oil/Water Separator:** Parking areas paved with an impervious material shall include one or more oil/water separators and it shall be the responsibility of the landowner to properly maintain the oil/water separators in good working order regularly removing oils for proper disposal.
12. **Parking for Disabled Persons:**
 - a. For any use required to be accessible to disabled persons by the BC Building Code, a minimum of one disabled person parking space shall be provided.
 - b. Where 25 or more parking spaces are required by this Bylaw, the greater of one parking space or a minimum of 1 percent of all spaces shall be accessible to disabled persons.
 - c. All disabled persons parking spaces shall be:
 - i. A minimum of 3.7 metres in width and 5.8 metres in length;
 - ii. Surfaced with concrete or asphalt to provide ease of access for wheelchairs;
 - iii. Located in the most accessible and convenient location available within the parking areas; and
 - iv. Marked or otherwise designated for sole use by disabled persons.
13. **Extending or Expanding an Existing Use:** The parking requirements established in Section 7.1 do not apply to a building or use existing prior to the adoption date of this bylaw provided that there is no change, expansion or addition to the building or use that requires more parking spaces than were required for the building or use existing when this bylaw was adopted. However, if there is an expansion or addition to an existing use or building, then the provisions of Section 7.1 apply to such expansion or addition.
14. **Bicycle Parking:** All commercial developments requiring at least 5 parking spaces shall have a bicycle rack capable of accommodating at least four bicycles.
15. **Curbs and Wheels Stops**

The owner of land shall ensure that:

- a. All parking spaces shall be provided with adequate curbs to retain all vehicles within the parking spaces and to ensure that required fences, screens, walls, hedges or landscape areas as well as any buildings are protected from damage during the parking of vehicles;
- b. All parking areas abutting a landscape area, building or pedestrian pathway shall have wheel stops no less than one metre from the end of each parking space except where parking is parallel; and
- c. Where continuous curbs are used as wheel stops, the measured size of parking spaces shall be reduced one metre in length than otherwise required. In such instances the parking layout should allow for the vehicle to overhang the curb by one metre and such overhang area must be clear of all obstructions (signs, shrubs, trees, etc.), must be distinguished from the pedestrian pathway using different paving treatment or a physical barrier and may not be regarded as a required landscape area.

16. Drainage and Grading

The owner of land shall ensure that:

- a. All parking and loading areas are graded and drained so as to shed and dispose of all surface water without directing or allowing surface water to flow across highways;
- b. Pedestrian sidewalk ramps shall be installed to provide access from parking areas to the building served for accessibility at a grade not exceeding 8%;
- c. The maximum grade and cross slope for a parking space or parking parcel required by this bylaw shall not exceed 8%; and
- d. That portion of any parcel used as a driveway from the property line to a required parking space, garage or carport shall not exceed a grade of 20%.

17. Lighting

The owner of land shall ensure that lighting used to illuminate any parking area or parking garage shall be arranged and installed so that all direct rays of light are reflected upon such parking area or parking garage and not on any adjoining premises.

18. Driveways

The owner of land shall ensure that the width of a driveway shall be sufficient to provide a clear, unobstructed width of not less than:

- a. 5.5 metres for double lane driveways or 6 metres if the driveway is required for fire access; and
- b. 2.74 metres for single lane driveways or 3.66 metres if the driveway is required for fire access.

19. Signs and Markings

The owner of land shall ensure:

- a. The borders of all required off-street parking and loading spaces are marked with durable painted lines at least 100 mm wide and extending the length of the space or by curbs or other means approved by the CVRD General Manager of Land Use Services or designate to indicate individual spaces;
- b. Signs or other markers are installed within a parking lot to ensure efficient and safe traffic operation; and
- c. All signs, markers or any other method used to indicate direction of traffic movement and location of off-street parking and loading spaces are maintained in a clean and legible condition.

20. Visitor Parking

Where a lot is developed for multiple-family residential use designated visitor parking shall be assigned and identified for this purpose at a ratio of one space for every 22 required parking spaces or portion thereof. The number of visitor parking spaces count towards the total number of off-street parking spaces required.

3.17 Parcel Realignment and Amalgamations:

Existing parcels may be consolidated and re-subdivided into new parcels for matters for matters of convenience, provided that:

- b. the subject parcels are adjoining;
- c. no additional lots are created;
- d. where the proposed parcels are under 1 ha in area, the boundary change does not result in the reduction of either parcel by 20% or more of its original size;
- e. the requirements of this Bylaw respecting siting of buildings and structures is complied with.

3.18 Residential Uses

1. No dwelling unit shall be used or occupied by more than one family except as specifically permitted in this bylaw;
2. All rooms of a dwelling unit shall be not be used or occupied by more than one family except as specifically permitted in this Bylaw;
3. Not more than one kitchen shall be contained within a dwelling unit.

3.19 Resource Extraction Activities:

A number of Provincial Acts pertaining to resource extraction activities supersede the authority of the Regional District over both Crown and private lands. These include the *Mines Act*, the *Coal Act*, and the *Mineral Tenure Act*. In view of this fact, mineral, gravel and coal exploration and/or mining activities, excluding all manufacturing, cannot be restricted by this Zoning Bylaw. The Mines Branch has a review process to address the public interest in such matters.

3.20 Secondary Suite

For zones in which it is a permitted use, the secondary suite shall:

1. be located within a principal residence;
2. have, if it has a separate entrance to the outside, only a private access through an entrance on one of the sides or rear of the residence;
3. not occupy more than 40% of the floor area of the residence;
4. be legally constructed and inspected in accordance with the *British Columbia Building Code* and the CVRD Building Bylaw, and have the approval of the authorities responsible for domestic waste disposal and domestic water supply;
5. not have a floor area in excess of 95 m²;
6. not be located on a parcel of land that has another secondary suite or secondary dwelling on it;
7. have two additional on-site parking spaces;
8. the secondary suite shall not be subdivided from the parcel upon which it is located, nor shall a strata plan of any type pursuant to the *Strata Property Act* be registered on a parcel which contains a secondary suite, and the owner(s) of the property shall enter into and register on the Certificate of Title a restrictive covenant to this effect;
9. not be located on a parcel that is less than 0.4 hectares in area;
10. not have, through subdivision or strata plan, a separate title distinct from the one for the parcel of land upon which it is located.

3.21 Secondary Dwelling Unit

For zones in which it is permitted use, the secondary dwelling unit shall:

1. be either free-standing or attached to a residential accessory building;
2. not be manufactured home, modular home, park model mobile home or recreational vehicle;
3. be legally constructed and inspected in accordance with the *British Columbia Building Code* and the CVRD Building Bylaw, and have the approval of the authorities responsible for domestic waste disposal and domestic water supply;
4. not have a floor area in excess of 95 m²
5. not be located on a parcel less than 0.4 ha in area;
6. not be located on a parcel of land that has another secondary suite or secondary dwelling on it;
7. The secondary dwelling unit may be subdivided from the parcel upon which it is located only if:
 - a. it is in a zone which would allow for the proposed lot sizes following subdivision;
 - b. the principal dwelling and secondary dwelling unit are so located as to allow for setback requirements to be met following subdivision;
 - c. the approval of the Health Authority for sewage disposal has been obtained.

If the parcel upon which the secondary dwelling unit would be located is in a zone which would not allow for subdivision, the owner shall, prior to the issuance of a building permit for the

secondary dwelling unit, register a restrictive covenant on the parcel which would prevent its subdivision or the registration of any form of strata plan under the *Strata Property Act* on the parcel;

8. have two additional on-site parking spaces.

3.22 Setback Exceptions

1. Except as otherwise provided in particular zones, the setback requirements of this Bylaw do not apply with respect to:

 - b. bay windows, belt courses, chimneys, exterior finish, heating equipment, sills, sunlight control projections, sunshades, unenclosed stairwells, and ventilating equipment, if the projections do not exceed 1 m measured horizontally;
 - c. eaves, canopies, cornices, gutters, sunshades, and unenclosed stairwells if the projections, measured horizontally, do not exceed:
 - i. 2 m in the case of a rear yard;
 - ii. 1 m in the case of a front yard or side yard;
 - d. signs;
 - e. open fences; and
 - f. closed fences and landscape screens that are less than 2 metres in height.
2. Notwithstanding any other provision of this Bylaw, the consent of the Ministry of Transportation is required to place any building or structure closer than 4.5 m to a property line adjacent to a highway;
3. No other features may project into a required setback area.

3.23 Setbacks from a Watercourse

Notwithstanding any other provision of this bylaw no building or structure shall be located:

1. For the Cowichan River, within 30 metres of the high-water mark of the river unless the portion of the river in question is a ravine in which case no building or structure shall be located within 30 metres of the top of the ravine bank.
2. For any watercourse, other than the Cowichan River, within 15 metres of the highwater mark of the watercourse unless the watercourse is a ravine in which case no building or structure shall be located within 15 metres of the top of the ravine bank.
3. Driveway crossings over a waterbody, watercourse or wetland are not permitted.

If a Streamside Protection and Enhancement Area (SPEA) setback would be larger than the watercourse setback the larger of the two setbacks applies.

3.24 Sight Triangle

No person being the owner, occupier or lessee of any land located at the intersection of any two streets, shall place or permit to be placed, construct or grow any tree, plant, shrub, fence or other structure greater than 1 metre in height within a sight triangle bounded by the intersecting lot lines at a street corner and a line joining points along said lot lines 6 metres from their point of intersection. For greater certainty, a diagram shown as part of this section and labeled "Figure A" depicts the area described in this section.

2. conservation, ecological reserves and wildlife sanctuaries;
3. landscape screening and fencing;
4. public parks;
5. public utilities, excluding offices, maintenance garages and storage areas;
6. uses, works, buildings and structures customarily incidental to a principal permitted use, provided they are located on the same parcel or in the same strata plan as the principal use;
7. temporary (maximum of one year) siting of a mobile home or recreational vehicle, for the property owner, while a permitted dwelling is being constructed, subject to the requirements of Section 305 of this Bylaw; and
8. temporary buildings, structures or storage of materials, for a maximum of one year, required for an approved construction project on the same parcel provided such temporary buildings, structures, and/or storage areas are removed within 30 days of the completion of the project;
9. railways.

3.27 Use of Tents, Trailers or Recreational Vehicles as a Residence

A tent, trailer, recreational vehicle, park model unit (CSA Z241), bus or other motor vehicle shall not be used as a residence, except in accordance with Section 3.5 of this Bylaw.

3.28 Density Averaging

The minimum parcel size provisions of this Bylaw as specified in the individual zones and general regulations may be varied with respect to parcels created by means of density averaging provided that:

1. the total area of the land to be subdivided (exclusive of those lands intended for highway and required for park dedication) divided by the number of parcels to be created is not less than the equivalent minimum parcel size standard permitted under the zone in which the land is located;
2. the parcel configurations and sizes are adequate to accommodate buildings and structures appropriate to the permitted uses under this Bylaw;
3. no more than fifty (50) percent of the parcels created by means of this Section are less than the minimum parcel size as specified in this Bylaw;

4. the smallest parcel so created is not less than forty (40) percent of the minimum parcel size as specified in this Bylaw;
5. a restrictive covenant in favour of the CVRD is registered against the title of the land at time of registration of the subdivision, prohibiting the further subdivision of any parcel created from the original parcel, where the aggregate average of all lot sizes taken from the commencement of the original density-averaged subdivision would not permit further subdivision of the original parcel.

3.29 Recreational Vehicle Parking

Not more than a total of two (2) recreational vehicles or private pleasure boats shall be parked or stored on a parcel that is located in a zone which lists "single family dwelling" as a permitted use.

3.30 Commercial Cannabis Regulations

1. Where cannabis production (commercial – medical) or cannabis production (commercial – non-medical) is permitted in a zone, the use is subject to the following regulations:
 - a. the cannabis producer must be in possession of a valid license from the Government of Canada and be consistently operating in full conformity with all of the conditions of that license;
 - b. all buildings, structures or greenhouses used for that purpose shall be located not less than 30 metres from all parcel lines;
 - c. all parcels used for that purpose shall be located not less than 300 metres from a park, school, daycare, residential or rural residential zone, park zone, institutional zone, comprehensive zone or mixed use zone.
2. Cannabis production (commercial – medical) is a permitted use on lands located in the ALR in accordance with the Province of British Columbia Agricultural Land Reserve Use, Subdivision and Procedure Regulation.
