

Cowichan Valley Monday Evening Communications Net

updated Nov 13, 2013

Date and Time:

Operator:

This is < **your call** > - calling the Cowichan Valley Monday Evening Communications Net. Net Control this evening is < **your call** >, my name is <**your name**> and I am located in <**your geographic location**>.

Is there any station that is willing to act as a backup net control this evening?

Is there any station requiring this frequency for emergency use or to pass emergency traffic? If so, call now.

Emergency Traffic will always be recognized and handled immediately. During such an event, all stations are requested to standby and permit the Net Control station to handle the traffic.

This Net meets each Monday evening at 19:30 hours Pacific Time. This is a Directed Net. If a relay of traffic is required, Net Control will designate a relay station. If repeater failure is experienced during the course of this Net, all stations are asked to switch to 147.500 Mhz simplex and stand by for instructions.

The purpose of this Net is to exercise Communications Procedures, Traffic Handling and perform Weekly Equipment Checks. Stations are encouraged to utilize battery power or have emergency power at their stations.

The check-in procedure for this Net has changed so please listen carefully to the following instructions. Roll Call will be conducted by Net Control who will call stations in alphabetic order. When responding to Net Control, please state your name, current geographic location, if your station is packet ready and if you are holding message traffic or a bulletin.

Roll Call for the Net begins:

Are there any mobile or portable stations?

(NOTE TO CONTROLLER) Call stations by call sign. Place the appropriate letter(s) in the box next to the call sign. Unlisted stations in may be checked in when additional check-ins are requested. (Please add them to the blank list below)

X = Voice check in, P = Packet ready, T = Holding traffic, B = Holding bulletin

Are there any additional check-ins or stations late or missed, please call now.

<u>Additional Checkins</u>		<u>Additional Checkins</u>	

Stations whose call signs were not called, should contact VA7CBN for clarification or correction.

(NOTE: Handle any acknowledged traffic now.)

Are there any other stations with message traffic for the net?

This is < **your call** > for the Cowichan Valley Monday Evening Communications Net.

EXERCISE: (Contact the training/exercise station for training activity for the evening. Upon completion of the exercise, control will be shifted back to the Net Control station.)

This is < **your call** > - is there any further business or comments for the good of the Net?

This concludes the Cowichan Valley Monday Evening Communications Net. I now return this repeater back to general use.

Thank you for your participation this evening. This is < **your call** > clear.

(NOTE to Controllers) Updates to this form will be distributed to controllers when changes are made.

Please email this completed form to VA7CBN@cbncanada.com or by packet to VA7CBN following the net.
